Dear Mr Mason,
Many thanks for your extremely prompt turn round of the modified files I sent you yesterday.

I have just taken them up to the artist, and confirm that we are all happy with the straight conversion to CMYK in file FancyC1.tif. I will now go through all the files, and send you a new CD shortly when I have converted them all.

By then, I should have received the ISBN details, and a final confirmation of the Web site, and we can then go to press.

My thanks for the very efficient way the whole of this job has been handled so far. It is a real pleasure to do business in this way.

Regards,
Chris Brent-Smith.

Dear Chris

Please find enclosed a cheque for £7920-00 for the cost of the publication of the Ermington Millennium 2000 book.

I am pleased to say that everyone was delighted with the book and most were completely taken aback by both the extent of the contents and quality of the book. In the end the book entailed much more work than I imagined and I do not think that there is any danger of this becoming an annual for everyone's Christmas stocking!

Again many thanks to you and your team who did a marvellous job to get the books to us before Christmas and I wish you all a very Happy, Healthy and Prosperous New Year.

Yours sincerely

Cliff Sumner

Thank for the CD's

We have given these to the potential client. (They were certain with the look of them - lets hope they like the content equally) me off a couple of the inserts from the front cover. I actually had time to look at it - we really should do a final proof read or check before we start running with them. If you need to charge please do so. They can go in the normal post.

Many thanks and have a good bank holiday.

Andrea
